1 YOU DESCRIBE THE PROJECT

Number of participants, group profile, date, preferred location, purpose of the day. A ten-minute call is often enough.

2 WE SEND YOU A PROGRAMME

Format, route matched to the group, meeting point, meals, options. A clear quote with no surprises, ready to circulate internally.

3 ON THE DAY, EVERYTHING IS READY

E-Bikes adjusted and protective gear sized for each person, a twenty-minute briefing, one guide per ability group, mechanical support and a spare bike.

4 YOU LEAVE WITH THE PICTURES

Photos and video of the day sent within the week, for your intranet, your social channels or simply for the team.

THE GOURMET STOP · RESTAURANT OR MOUNTAIN HUT

THEY SPENT THEIR DAY OUTDOORS WITH US

"A company seminar in the morning and an outdoor ride in the afternoon. A superb experience. [...] Efficiency and fun: I can only recommend Exoride for a day out with your team."

FOR THE WHOLE TEAM

FROM THE WEEKEND ATHLETE TO THE COLLEAGUE WHO HASN'T RIDDEN A BIKE IN TEN YEARS

ELECTRIC ASSISTANCE PUTS EVERYONE ON THE SAME LEVEL

Our E-Bikes even out fitness gaps: the climb becomes a conversation, not an ordeal. The only requirement is knowing how to ride a bike.

ABILITY GROUPS, ONE GUIDE PER GROUP

The sporty ones get their challenge, the others their scenic ride, and everyone meets again at lunch. Large groups get several guides and one route per level.

SAFETY FIRST

Swiss Cycling certified guides trained in first aid, a briefing before setting off, routes chosen for the group and the day's weather, mechanical support and a spare bike.

> *Out in the open air, job titles fade away. What remains is a team, and memories you'll be sharing for years.*

YOUR QUESTIONS

FREQUENTLY ASKED QUESTIONS

HOW FAR AHEAD SHOULD WE BOOK?

Ideally four weeks for a group of up to twenty, six to eight weeks beyond that or with a venue and accommodation. We have set up rides in ten days before: just ask.

SOME COLLEAGUES NEVER CYCLE. IS THAT A PROBLEM?

No. Knowing how to ride a bike is enough: the electric assistance does the rest. We form ability groups with one guide each, and the briefing puts everyone at ease in twenty minutes.

WHAT IF IT RAINS?

We ride under cloudy skies and in light rain, with jackets and adapted routes. If conditions turn bad, we offer a fallback date or an alternative programme, with no cancellation fee on our side.

WHO PROVIDES THE EQUIPMENT?

We do: recent full-suspension E-Bikes, helmets and protective gear, adjusted to each participant before setting off. Participants with their own E-Bike can bring it if it suits the ride.

WHO LEADS THE RIDE?

Swiss Cycling certified guides and instructors trained in first aid, one guide per ability group.

HOW ARE WE INSURED?

Exoride holds professional liability insurance. Participants remain covered by their personal accident insurance or their employer's, as for any company sports activity. We can provide a document for your insurer if needed.

CAN YOU ORGANISE MORE THAN THE RIDE?

Yes: meeting room, lunch at a restaurant or outdoor buffet, transport by bus, hotel or mountain hut, photos and video. For one day or a multi-day event, in Switzerland or abroad.

OUR PLACE OR THE VALAIS: WHICH IS BETTER?

Near your offices, you save travel time and a half day is enough. In the Valais, you gain mountain views, alpine trails and a real change of scene, ideal for a full day or two days with an overnight stay. We are happy to advise.

WHICH LANGUAGES?

English, French and German. The whole day can run in English for international teams.
